Invest Southwest seeks entrepreneurs on the hunt for capital

Phoenix Business Journal - by [Patrick O'Grady](#)

Invest Southwest Capital Conference has opened the call for entrepreneurs looking to get in front of investors in one of the largest conferences of its type in the Southwest.

In addition to possible investments, the presentation judged the winner at the conference has the chance to receive \$200,000 from SCF Arizona. It is the second year SCF Arizona has offered the prize.

"We are so excited to have SCF participate again this year and provide this investment opportunity to the winner of the conference," said Dave Bittner, chairman of Invest Southwest. "Year after year, we see some of the most innovative companies in the Southwest come forward to present. This is a testament to the quality of new business emerging in this region and the investment opportunities available right here in our own backyard."

Organizers expect more than 100 companies to apply to be part of the conference, with probably less than 20 selected to present to investors.

Applications are due by 5 p.m. Sept. 19 for the Dec. 10-11 conference being held at the Four Seasons Resort Scottsdale.
